Tell the Coming Generations Expansion Campaign

Thank you for supporting the *Tell the Coming Generations* Expansion Project.

Since 2017 God has faithfully used Bellstone Christian School to educate covenant children in the fear of the Lord. Now, as our school grows, we are called to build so that more children may be equipped to be thankful, humble, and discerning kingdom citizens who shine as lights in the world.

This project is being launched to address two urgent needs at Bellstone School:

1. **Growing student enrolment**
2. **The need to replace two portable classrooms**

With your support, we can build a stronger, more permanent learning environment for our students, now and for generations to come. With the Lord's blessing we hope to break ground in early 2028.

Our Commitment

On behalf of the Bellstone School Board, we commit to:

1. **Present finalized design plans and pricing to the membership for approval**
2. **Use all pledged funds responsibly and transparently**, directly related to the expansion project
3. **Provide regular updates** on both campaign progress and the expansion project
